

## Thermal Transfer Labels: How can we help you?

*"The Labels and Ribbons will be free of imperfections, dust, dirt, and be capable of great copy and barcode. You must be completely satisfied or we will replace the products, give you full credit or refund the cost of that product."*

**- WAKE, Inc. guarantee.**

WAKE, Inc offers a wide range of products, services, and support for all your Thermal Transfer needs. We also offer over ten years of experience in "automated data collection." Our range of products allows us to cover all of your Thermal Transfer needs, and our experience gives us an edge in trouble shooting and problem solving. We can help you meet the compliance labeling specifications your customers are requesting.

- **Labels:** In all sizes, shapes and materials. Save with annualized purchases.
- **Ribbons:** In black, colors, waxes, resins, or combination.
- **Thermal Transfer Printers:** We support what we sell.
- **Software:** To drive the printers, print the labels, and interface with your databases.
- **Other Equipment:** Dispensers, jumbo feeders, and external Re-winders.

## Avoid Ordering Problems

To help you avoid ordering problems common to many firms using Thermal Transfer Labels and Ribbons, we offer you several plans and each can be customized to best fit your needs.

- **Annualized Purchasing Program:** We will set up quantities of your standard labels and ribbons to ship at specific times based on your history of quantities and schedules. We can re-evaluate your program on a periodic basis.
- **Periodic Inventory of Labels and Ribbons:** The inventory will be set up for the times which will fit your needs the best. We will come in and bring your inventory up to the par level established by you.
- **Just in Time Program:** This program includes all of our stock labels and ribbons and will be set up to meet your needs and time requirements.
- **Place an immediate order:** We can also take your orders at 800-588-6393. We have samples of both labels and ribbons if you would like to try them out first. Just let us know what type of equipment you use and we will send you your samples immediately!
